BRIEF HISTORY OF THE COLLEGE

The Vision to establish an affordable College in the Municipality of Trinidad was not realized overnight. It took many years of trials, hardships and collective efforts to bring forth what is now popularly known as TRINIDAD MUNICIPAL COLLEGE, one of the fastest growing Higher Education Institutions (HEIs) in the Philippines.

It started in 1980 when the Municipal Officials of Trinidad, Bohol talked to a Davao-based educator and businessman into putting up a branch of his private vocational school in Trinidad. The lone antiquated building in Trinidad, Bohol, used and inaugurated in 1957 as the original Municipal Hall of Trinidad was then converted into this private school named as Trinidad Institute of Technology (TIT). TIT offered short-term vocational courses, such as Typewriting, Stenography, Tailoring and Bookkeeping.

Trinidad Institute of Technology (TIT) did not last longer than a semester as it “died a natural death”, so to speak. During this time the vision to establish a College in Trinidad became vague. It was in 1985 that the vision to re-establish a college that would offer affordable yet quality education to students from lower income families not only from Trinidad but also from the neighboring towns, did not go in vain. That same year, a group of Trinidadnons formed themselves as Incorporators and registered the TRINIDAD JUNIOR COLLEGE with the Securities and Exchange Commission with SEC No. 136393, using the same antiquated Municipal Hall as its school building, the same edifice vacated by Trinidad Institute of Technology.

On October 23, 1986, the Municipality of Trinidad donated the land including the building and the improvements thereon, to TRINIDAD JUNIOR COLLEGE which then offered the following courses, namely:

- 2 years Diploma in Applied Technology major in Electricity and Construction
- 2 years Associate in Secretarial Administration
- 2 years Automotive Mechanic Course
- 1 year General Clerical Course

In 1993, a Bachelor of Arts degree was approved by the Department of Education, Culture and Sports (DECS).

After more than a decade of moderate existence, TRINIDAD JUNIOR COLLEGE faced a pressing risk of extinction. Wise enough in finding a solution, the Incorporators

came up with a redemptive decision in a meeting to turn over, by way of a DEED OF SALE (CONFIRMATION OF TRANSFER OF OWNERSHIP), the Ownership, Management and Control of TRINIDAD JUNIOR COLLEGE to the Local Government of Trinidad on August 1, 2003. The sale by the Incorporators effectively transformed Trinidad Junior College into what is now known as the TRINIDAD MUNICIPAL COLLEGE (TMC), one of the fastest growing Higher Education Institutions (HEIs) in the Philippines.

Before Mayor Judith Del Rosario-Cajes assumed as the newly elected mayor of Trinidad on June 30, 2007, Trinidad Municipal College has a total enrolment of only 510 students. TMC became a recipient of RA 10931 otherwise known as Universal Access to Quality Tertiary Education Act (UAQTEA) on the 2nd semester of academic year 2018-2019. Trinidad Municipal College was recognized by the Commission of Higher Education (CHED) as Higher Education Institution (HEI) pursuant to Commission en bacn Resolution No. 564-2020 dated August 18, 2020.

At present, under the dynamic, strong and creative leadership of Former Mayor JUDITH DEL ROSARIO CAJES, wife of former congressman, and now Mayor ATTY. ROBERTO C. CAJES, Ph.D., TRINIDAD MUNICIPAL COLLEGE (TMC) quickly and steadily started to evolve physically and academically to meet the standards of a dynamically changing world of education and employment. As of 1st Semester, Academic Year 2022-2023, TRINIDAD MUNICIPAL COLLEGE has a total enrolment of more than 7,000 students and offers the following courses, to wit:

6.5 Safety and Security Services

The Safety and Security Services maintains peace and order in the school campus. It also ensures the safety of the lives of the students, personnel, and officials as well as the property of the school and the safe use of its building, facilities and equipment. Likewise, it monitors the safety and security aspects of all construction projects and maintenance works undertaken by the college including those by outside contractors and makes the proper assessment, evaluation and recommendations.

6.6 Thesis Writing

Thesis writing subject in college refers to the reasons and justifications behind choosing a particular topic or theme related to the process of writing a thesis itself. Unlike a research-oriented thesis, a thesis writing subject focuses on exploring, analyzing, and presenting various aspects of the thesis writing process rather than conducting original research.

Thesis writing subject should revolve around enhancing students' thesis writing experience, helping them develop essential academic skills, and supporting their overall academic and professional growth. By providing valuable insights, resources, and guidance, the chosen subject can contribute to the success of students' thesis endeavors.

6.6.1 Guidelines for Thesis Advising in the Undergraduate Degree Programs

All Thesis advisers must be a Faculty Member of TMC and must possess appropriate qualifications (Doctor's degree). Advisers should familiarize themselves with the general College rules and their specific College's rules governing advising students enrolled in the undergraduate thesis or other similar requirements (eg, special problem, a major paper, capstone project, group thesis, etc).

While practices among different academic units may differ, these generally involve appointment of an adviser, a thesis proposal presentation, and a thesis defense. An undergraduate thesis should ideally be completed within a semester, as preliminary work is done at least one semester prior to enrolment in the thesis proper.

The completion of a thesis within a reasonable length of time is the joint responsibility of both student and adviser. Both make a commitment to work together to ensure that the output will be of acceptable merit and scholarship and that it is completed on a date agreed upon. A good working relationship between the two parties is thus crucial to this effort.

6.6.2 Panel Member

Panelist shall be a member of the TMC Faculty and/or connected with TMC with appropriate qualifications.

6.6.3 Contributions

Collection of contributions for Thesis Proposal Presentations and Thesis Oral Defense (Thesis 1 & Thesis 2) shall be uniform across all colleges/academic department with the amount of One Thousand Five Hundred (PhP 1,500.00) Pesos only per group of five (5) students.

6.6.4 Thesis Output

Copies of thesis outputs shall be furnished to College Library/Librarian for record purposes.
